All above service work is done at the current shop rate of \$90/hour, (1/2 hour minimum) plus materials. Club members will receive a discounted hourly shop labor rate of \$70/hr. If you have any special items you want taken care of, please call or write for an estimate.

*** Required item** **Note: As the water system for the marina docks is not in operation until mid May, those who elect an earlier launch date must wait for their boat's water system to be activated until after this time. Please be advised, should any water heaters be connected to A.C. shore power prior to being filled with water, the elements within these heaters will be destroyed and need replacement.
